WHO IS NOVA PIONEER?

Independent school group | 16 schools | South African and Kenya | Cambridge International accredited

Nova Pioneer Education Group is a Pan-African independent school network that builds and operates world-class, affordable schools, offering students grades from preschool through to Senior School. Our schools' unique learning approach equips students with the skills to problem-solve, to innovate, to lead and to prepare them to be globally competitive; ready to go forth and create the world that they envision, and not simply exist in the one they find themselves in now.

WHAT MAKES US SO SPECIAL?

Striving for academic excellence

We provide rigorous and challenging academic experiences that create explicit opportunities for our students to develop critical-analytical skills and the capacity to innovate. Our chosen curriculum, Cambridge, is internationally accredited and is based on standards that allow our students to develop competencies that are fundamental to the challenges of the 21st century so that they are equipped to succeed whatever route they take post school.

Exceptional teaching

We employ exceptional teachers who are committed to motivating and guiding students with care, encouragement and discipline.

Student voice is emphasised

Our classroom norms create a culture where students, from a young age, feel included in helping shape their own learning experience.

Post school success

We want to ensure that our students feel supported and prepared to succeed beyond Nova Pioneer. We introduced a Post School Success Team at all our Senior Schools with the aim of equipping students with practical tools for preparation in life after school.

Leaders with good character

Our students are monitored in the areas of behaviour, academic performance and social and emotional well-being.

Compassionate, like-minded community

We are a compassionate community where students and teachers care deeply about each other. There's a real intent to foster ethical, responsible and caring young people through the integration of our Culture Principles.

Positive Pan-African perspective

It is important for us to ensure that our students are building a sense of pride in their Pan-African identities.

World-class facilities

We believe students should be able to learn in well-resourced environments to help them achieve their best.

Our Culture Principles:

Greater Together

Solutions First

Always Growing

High Expectations

Joy of Learning

Servant Leadership
