WHO IS NOVA PIONEER?

Independent school group | 16 schools | South African and Kenya | Cambridge International accredited

Nova Pioneer Education Group is a Pan-African independent school network that builds and operates world-class, affordable schools, offering students grades from preschool through to Senior School. Our schools' unique learning approach equips students with the skills to problem-solve, to innovate, to lead and to prepare them to be globally competitive; ready to go forth and create the world that they envision, and not simply exist in the one they find themselves in now.

WHAT MAKES US SO SPECIAL?

Striving for academic excellence

We provide rigorous and challenging academic experiences that create explicit opportunities for our students to develop critical-analytical skills and the capacity to innovate. Our chosen curriculum, Cambridge, is internationally accredited and is based on standards that allow our students to develop competencies that are fundamental to the challenges of the 21st century so that they are equipped to succeed whatever route they take post school.

Pre-Primary

Quality pre-primary education is critical in promoting your child's development. The curriculum is founded upon the world-renowned Reggio Emilia approach to early education. Reggio-inspired programmes emphasise the importance of creating a joyful and safe learning environment while ensuring that every child receives individualised support from teachers.

Compassionate, like-minded community

We are a compassionate community where students and teachers care deeply about each other. Nova Pioneer fosters ethical, responsible and caring young people through the integration of our Culture Principles. In addition to academic learning, we also focus on social and emotional learning and ensure we develop good citizens.

Exceptional teaching

We employ exceptional teachers who are committed to motivating and guiding students with care, encouragement and discipline.

Nova Pioneer's Central Learning & Design team develop learning plans for our teachers to ensure the content being delivered is to the required standard.

Our teachers are also mentored and coached to ensure very high standards in the classroom. They receive professional development through the year, and are measured on their student's academic growth.

World-class facilities

We believe students should be able to learn in well-resourced environments to help them achieve their best. Our school environment and spaces have been designed so that they foster interaction and communication, exploration and participation, a sense of autonomy and curiosity. Nova Pioneer recognises that the environment as the third teacher in the classroom, capable of stimulating, deepening and challenging children's thinking without saying a word.

Our Culture Principles:

Greater Together

Solutions First

Always Growing

High Expectations

Joy of Learning

Servant Leadership
